

EARLS COURT BOAT SHOW PRESS RELEASE

TWO OF THE WORLD'S BEST SELLING SIT-ON-TOPS

NUCLEUS WATERSPORTS STAND 1B25

From Ocean Kayak and Johnson Outdoors here's a double act which is hard to follow - the world's best selling single sit-on-top kayak, the **Frenzy**, and the world's best selling tandem sit-on-top kayak the **Malibu Two**. They are so popular because they offer the affordable way to get afloat and have some fun. The self-draining, open cockpit design of sit-on-tops also makes them very safe for beginners and experienced paddlers alike.

The Frenzy, priced at £299, is 9' (2.7m), has a beam of 31" (78.7cm), weighs just 43lbs (19.5kg) but has a carrying capacity of 275-325lbs (124.7-147.7kg.) It has a large roomy seat well, plenty of storage space in the tank well which includes a bungee to keep things secure. For watertight storage there's the option of a 6" hatch. It also has a moulded-in cup holder and moulded in foot wells.

The Frenzy

The Frenzy is a sit-on-top which is incredibly versatile, very manoeuvrable and offers great stability whether you are paddling at sea, riding the surf or exploring calm waters.

The Malibu Two priced at £399 is the first choice of many families because it can seat one or two adults, plus a small child. Weighing just 26.3kg (58lbs) and with a length of 3.7m (12') it is incredibly easy to launch and transport – like all Ocean Kayaks it's car topable and perfect to take along on any camping trip.

The Malibu Two

Features of the Malibu Two include three moulded in seat wells, self-draining scupper holes, stowage hatches (optional), backrest straps, gear straps, toggle carrying handles and overlapping footwells to allow 2/3 people to sit comfortably.

Both craft with their tough polyethylene construction are incredibly durable – and virtually maintenance free. They are also environmentally friendly because materials used in their manufacture are repairable and recyclable.
